TECHNICAL DATA SHEET

HANSA CARE 8150 Aminosiloxane Microemulsion for the use as ingredient for Car and Home Care products

D	=	41.	
Desc	rıp	τιο	n

Aminosiloxanes are Siloxanes modifed with Nitrogen groups. The modification degree lead to an

optimal performance in aqueous or solvent borne formulations for home and car care applications.

These products are excellently suited for a use in polishes, wax formulations and drying aids in automatic or manual car wash and provide for perfect drying characteristics including a good water repellence and excellent gloss.

Key Features

- Water repellency
- Improves surface smoothness
- Gloss
- Beading effect

Key Applications

- Spray wax
- Car Shampoos 2 in 1
- Fabric conditioner
- Surface polishes

Application

HANSA CARE 8150 can be used as wax additive in car shampoos, car polishes, car sealants and impregnations for mineral and wood surfaces. The product can be also used as an additive in fabric conditioners to enhance softness and product stability.
